DECORATION SPECIAL TREATMENT

COLOR SPRAY COATING
Color spray coating gives products an artistic finish on the packaging; color ranges from glitter coating to metallic coating.

METAL SHEEN
Metal sheen pigment allows any PET packaging to metallic luster.

SILK-SCREEN PRINTING
Silk-screen printing decorates text and patterns on products surface.

SOFT TOUCH SPRAY COATING
Provides Matt and Frost looking, facilitates soft touch features on packaging.

METALLIZING ON CAPS AND BOTTLES
Metallize technique provides packaging an absolutely shine finish.

HOT-STAMPING
Available in all metallic colors, enhancing luxurious brands image.

LABELING
Labeling provides flat decoration to various shaped packaging.
